

## MY SHINING STAR

Flavio my love  
My dear sweetheart  
He rides away in the dark  
Like a shining star  
How elegant he is  
How elegant you are  
My dear sweet Flavio  
My dear sweet star

Flavio my star  
My dear sweet heart  
Without you I'm apart  
I could not live  
Me and you are a puzzle  
We fit together  
But when apart  
We lose our heart

Flavio my life  
Flavio my dear  
Without you I do not sing  
My soul is empty  
My soul is gone  
Without you I cannot go on
